We are a family business with 45 years of experience.

Our primary objective is to provide high-quality products in design, development, and production of chairs, stools, and tables. We strive to meet and exceed clients expectations by establishing mechanisms of interaction with the interested parts, based on understanding their needs and expectations.

Focused on B2B, we have autonomous production in metal, wood, and upholstery.

Our company is certified by TÜV Rheinland in the ISO 9001:2015 management system. This certification reflects our commitment to quality, operational excellence and customer satisfaction.

This achievement reinforces our customers trust in our products. Together, we will continue to innovate and deliver solutions that combine design, functionality and sustainability.
