

# Ronfe

SINCE 1992

Classic

At Ronfe Classic, we manufacture bespoke solid wood furniture that blends timeless elegance with modern craftsmanship. Founded in the heart of Portugal's furniture industry, our company has built a reputation for quality, precision, and authenticity, producing exclusive pieces for homes, hotels, and interior design projects across Europe and beyond. Every creation is custom-made, crafted by skilled artisans who combine traditional woodworking techniques with advanced production technology. We work in close collaboration with architects, designers, and furniture brands, offering a complete solution from design and prototyping to full production and logistics. At Ronfe Classic, we believe that furniture is more than function – it's a statement of style, culture, and emotion, made to last for generations.

## Custom furniture

At Ronfe, in addition to our collections, we also produce furniture customized to your taste.

### By measure

Send us your idea with the measures adjusted to your space.

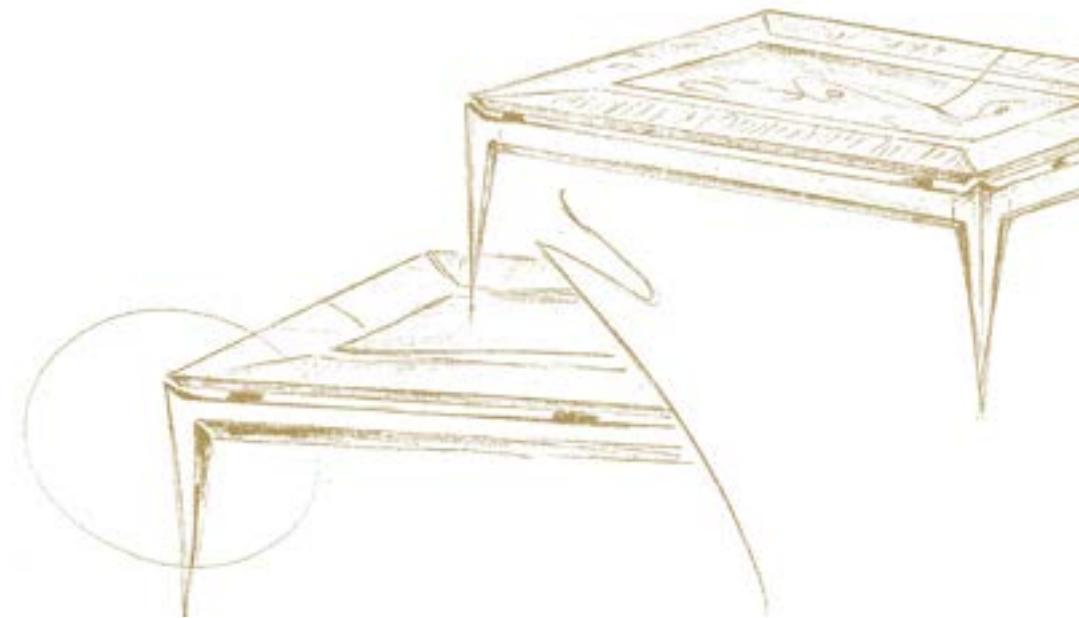

### Free quote

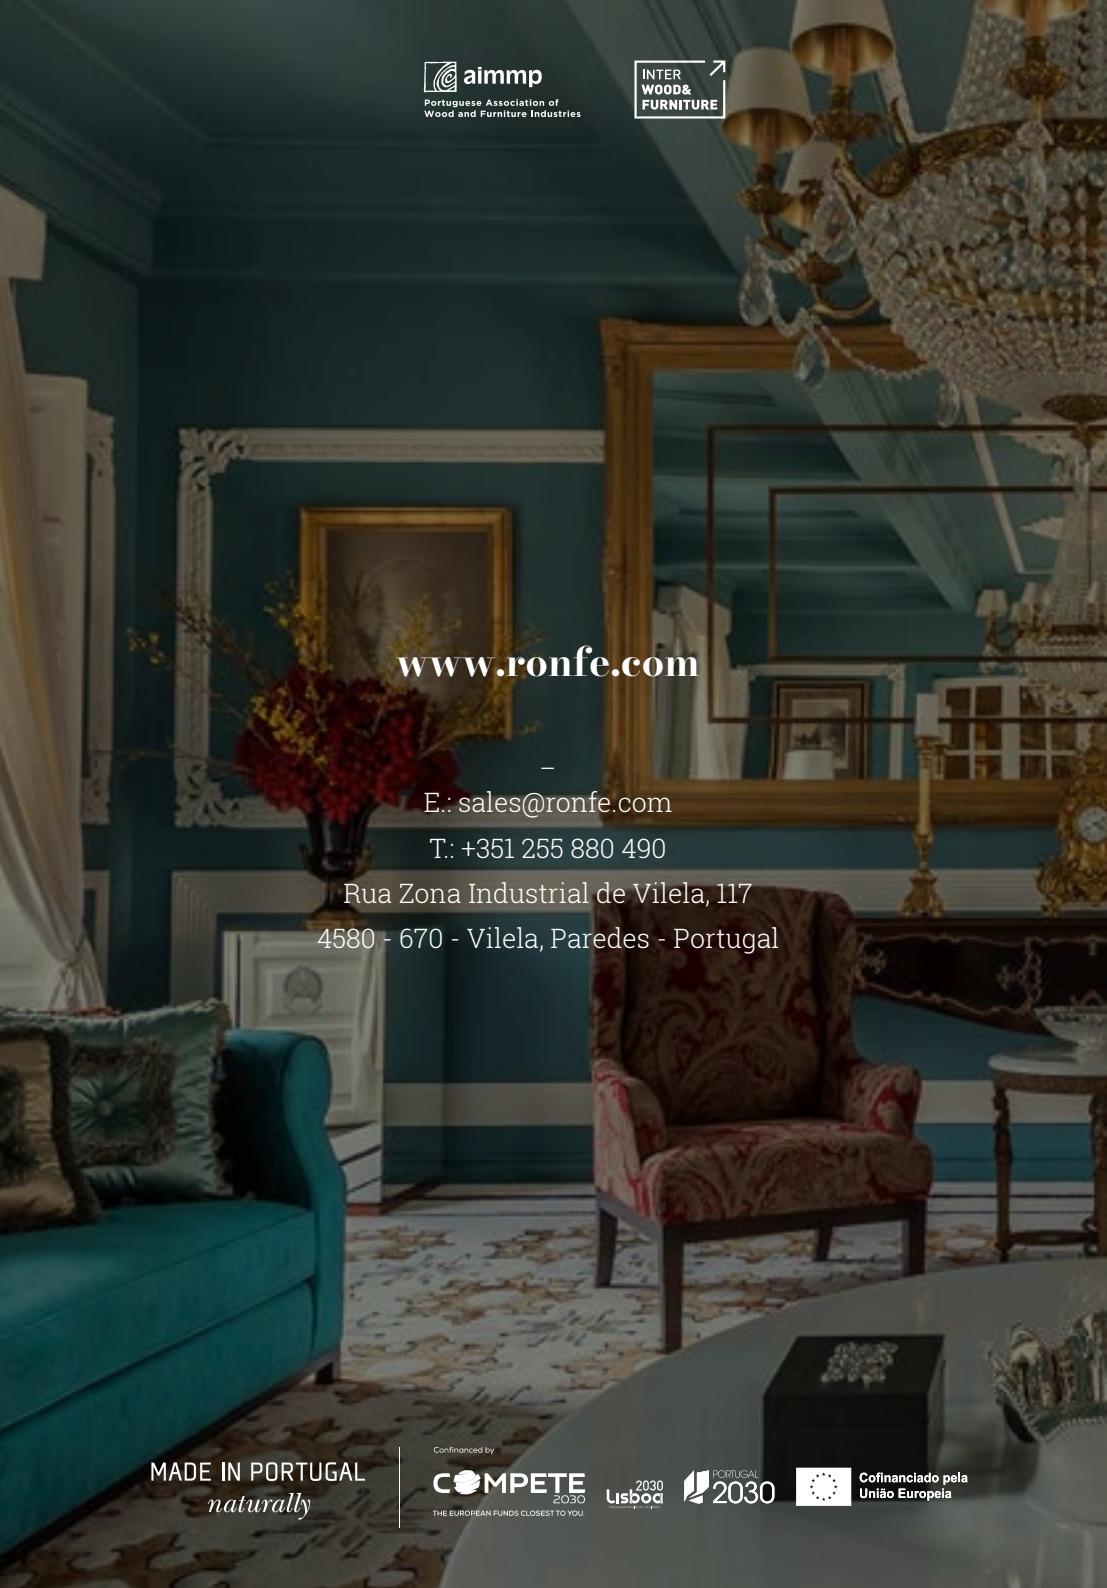

We prepare your quote in 48H.

### 3D Project

If necessary, we design your furniture.
